## Family-centred services for children affected by HIV and AIDS

Guest Editor: Linda Richter  
Supplement Editors: Susan Kippax and Shirin Heidari

### Contents

**Editorial: Visioning services for children affected by HIV and AIDS through a family lens**  
Linda Richter, Chris Beyrer, Susan Kippax and Shirin Heidari

**An Introduction to family-centred services for children affected by HIV and AIDS**  
Linda Richter

**Family-centred approaches to the prevention of mother to child transmission of HIV**  
Theresa S Betancourt, Elaine J Abrams, Ryan McBain and Mary C Smith Fawzi

**Lessons learned from family-centred models of treatment for children living with HIV: current approaches and future directions**  
Sarah C Leeper, Brian T Montague, Jennifer F Friedman and Timothy P Flanigan

**Fathers and HIV: considerations for families**  
Lorraine Sherr

**Data availability on men's involvement in families in sub-Saharan Africa to inform family-centred programmes for children affected by HIV and AIDS**  
Victoria Hosegood and Sangeetha Madhavan

**Children of female sex workers and drug users: a review of vulnerability, resilience and family-centred models of care**  
Jennifer Beard, Godfrey Biemba, Mohamad I Brooks, Jill Costello, Mark Ommerborn, Megan Bresnahan, David Flynn and Jonathan L Simon

**The impact of HIV and high-risk behaviours on the wives of married men who have sex with men and injection drug users: Implications for HIV prevention**  
Sunil S Solomon, Shruti H Mehta, Amanda Latimore, Aylur K Srikrishnan and David D Gelentano

**Family-based HIV prevention and intervention services for youth living in poverty-affected contexts: the CHAMP model of collaborative, evidence-informed programme development**  
Arvin Bhana, Mary M McKay, Claude Mellins, Inge Petersen and Carl Bell

**Family-centred HIV interventions: lessons from the field of parental depression**  
Mark Tomlinson

- Supplement in Journal of the International AIDS Society on 'Community action to end paediatric HIV infections' to be published in early July 2012.
- IAS/CCABA Prize for 'Excellence in Research Related to the Needs of Children Affected by AIDS' awarded to an investigator whose abstract demonstrates excellence in research that is likely to lead to improved services for children affected by HIV and AIDS.
- Industry Liaison Forum
  - Women and girls / infants and children on research agendas

# 10 Years ILF

10 years of innovative thinking and dialogue on HIV research

The Industry Liaison Forum (ILF) is an initiative of the IAS that brings together:

- industry
- independent investigators
- non-governmental organizations
- other stakeholders

ILF Mission is:

- To enhance HIV treatment access and outcomes in resource-limited settings, with a particular focus on the role and responsibilities of **industry**
- The ILF provides the **unique** platform that allows industry to **engage**, communicate and collaborate with other stakeholders to **enhance** HIV research, and thereby promote evidence-based health policy and health delivery in resource-limited settings

# How does the ILF fulfill its mission?

- By identifying **research gaps**
- promoting targeted research
- **identifying challenges** and best practices
- analyzing available data and evidence
- disseminating information
- consulting and **convening stakeholders**
- providing industry expertise
- supporting **capacity building** for research and health delivery

Consensus Statement  
**ASKING THE RIGHT QUESTIONS:  
Advancing an HIV Research  
Agenda for Women and Children**
