Making the link

Why is making this link so critical?

- Paediatric treatment: early diagnosis
- The importance of early development for long-term health and wellbeing
 - Foundational
 - Brain development
 - Accumulating risks
 - Efficiency
- Shifting to a greater focus on preventing harm

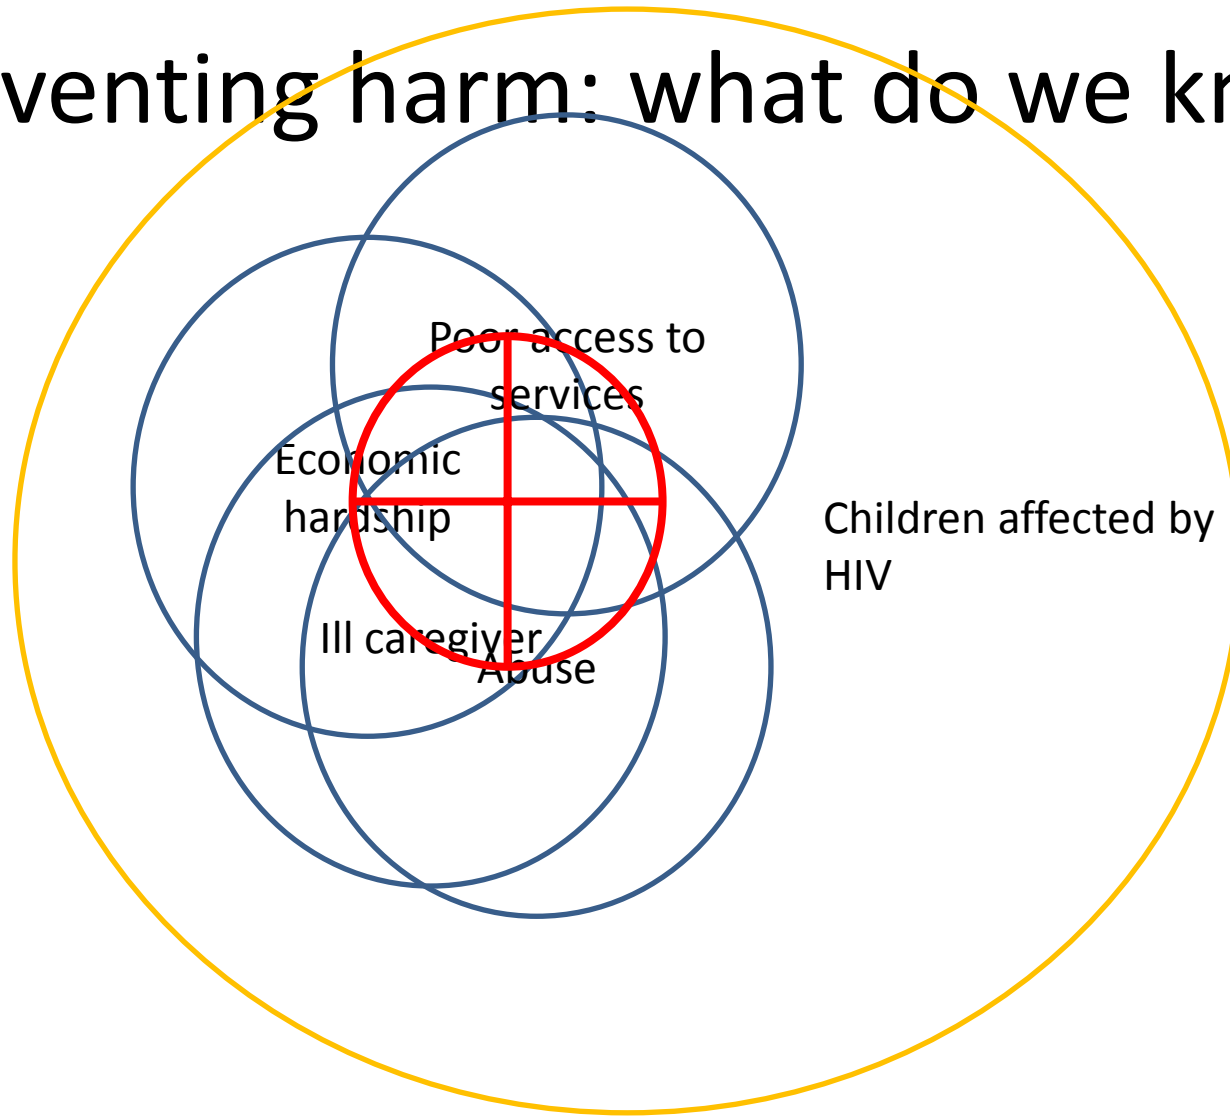

Preventing harm: what do we know?

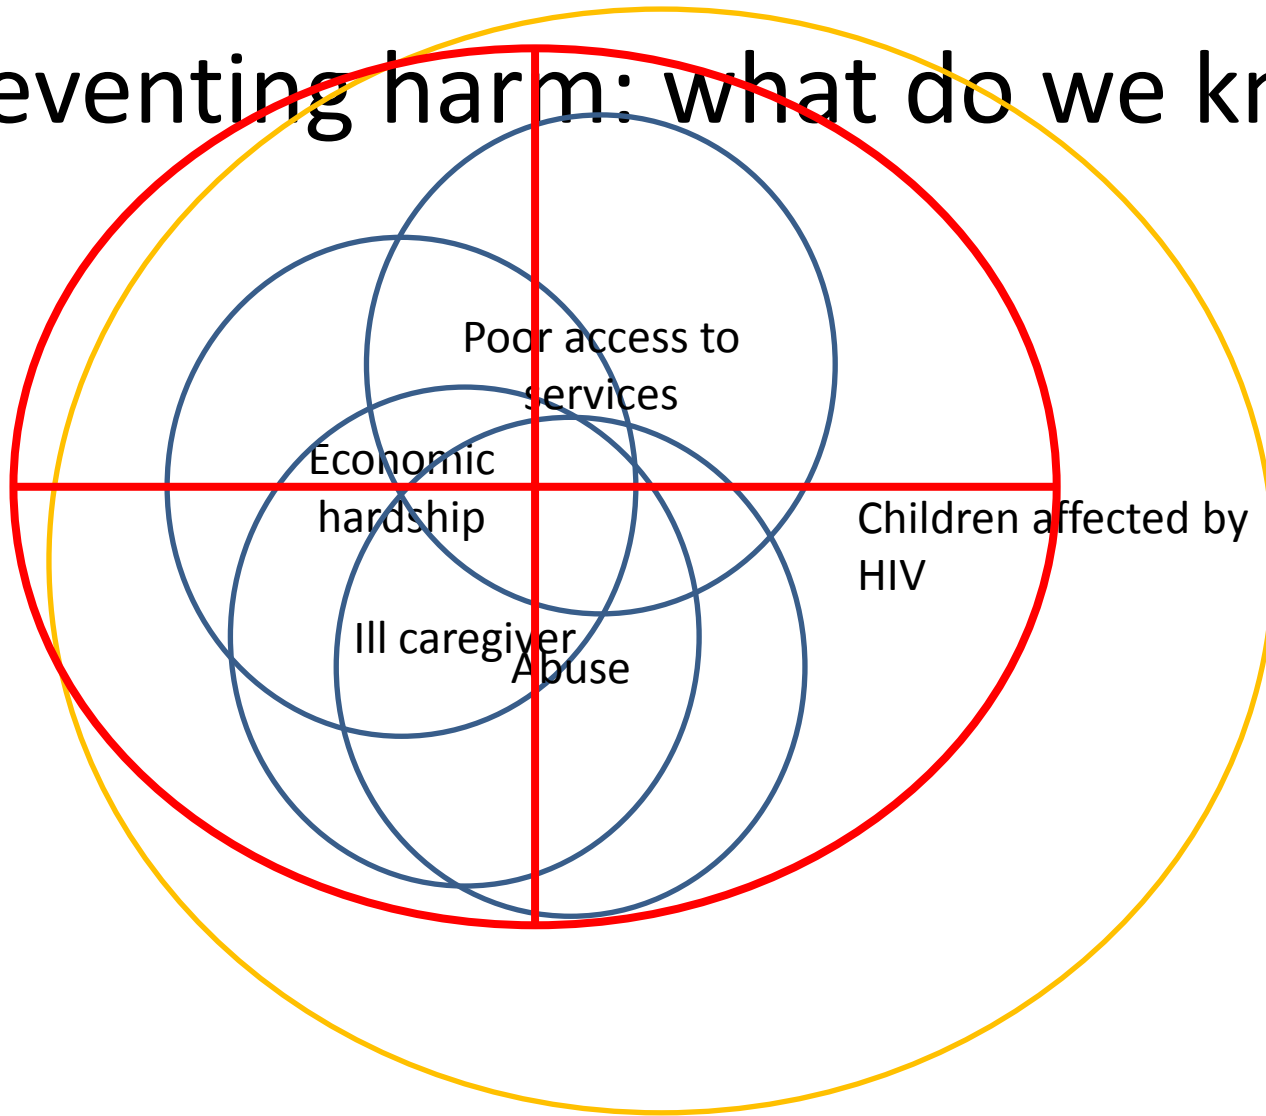

Preventing harm: what do we know?

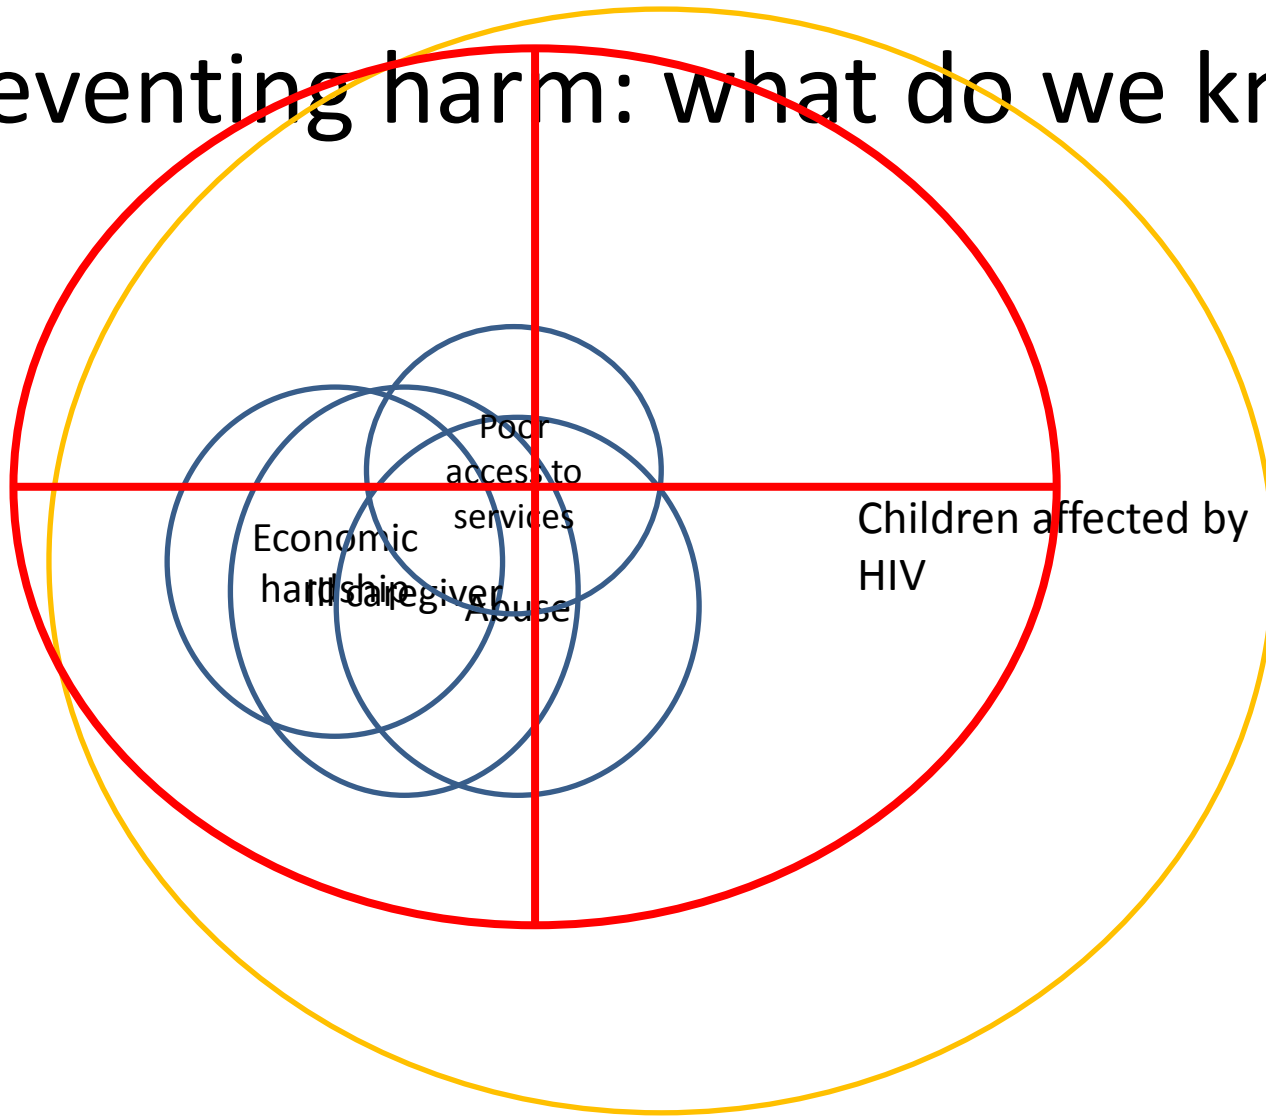

Preventing harm: what do we know?

Preventing harm: what do we know?

Preventing harm: what do we know?

How to do this?
