STREET CHILDREN CARE

GOAL: To change the street children lives

PHASES:

Recruitment

- To create meeting points
- To initiate spectacles/events assembling children in centers and ones on the street
- To organize children in the centre and help them to recruit from the street
- To encourage street children for their contribution in the recruitment process

Rehabilitation

- To give value, love and affection to the child
- To be willing to listen sincerely to the opinions and ideas of the child
- To proceed on:
 - mental rehabilitation
 - health rehabilitation
 - physical rehabilitation
 - intellectual rehabilitation
 - socio-cultural rehabilitation
 - etc
- To initiate the child on taking responsibilities
- To offer to the child a suitable space for his physical and psychological blooming

Socio-Economic reintegration

- Good and sincere discussions with the child
- To restore the social network between the child and the community
- To create opportunities for jobs
- To identify all the partners for the reintegration
- *To involve the child*

CHILD ACTIVE PARTICIPATION

“Whatever you do for me without me you are against me”

- Initiation of leading groups among children
- Empowerment of children leadership
- Strengthening complementarity between children and staff

WILLINGNESS

- To be listening to the child
- Discussion on the real problem (the real cause which pushed the child to leave the family)
- Appropriate thinking space to the child
- Patience
- Respect towards the child's point of view

MINISTRY SYSTEM

(Les Enfants de Dieu special case)

PREVENTION

- Sensitization and mobilization
- Community participation
- Good policies on the child protection
- Efficient follow-up

THANK YOU
